## **RESPONSE TO AFTER-FINAL AMENDMENT**

### ***Allowable Subject Matter***

Claims 22-30 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 22, prior art fails to teach or reasonably suggest a printing apparatus comprising a plurality of contiguously adjacent first encoder bars of first encoder bar widths and a plurality of second encoder bars of a substantially constant second encoder bar width, wherein the first encoder bars and the second encoder bars have non-linear sides and each of the first encoder bar widths is different from the substantially constant second encoder bar width.

Claims not specifically addressed are allowable due to their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
